

TrustDrive

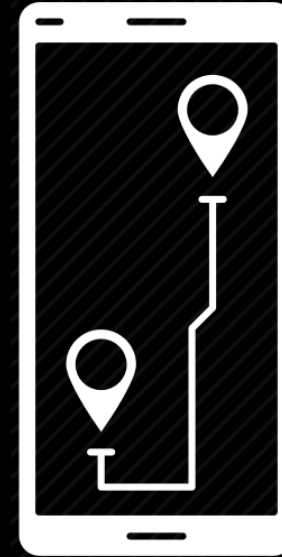

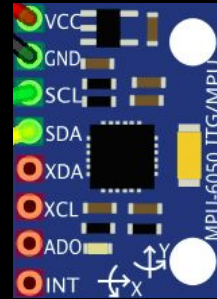

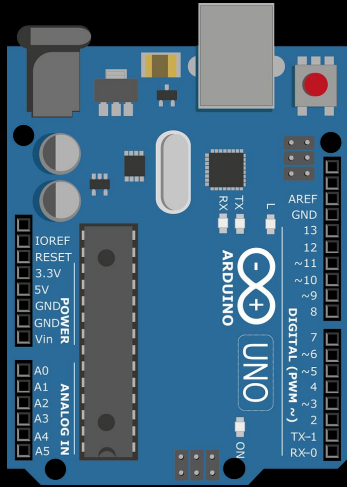

Alert today - Alive tomorrow.

The Problem Statement

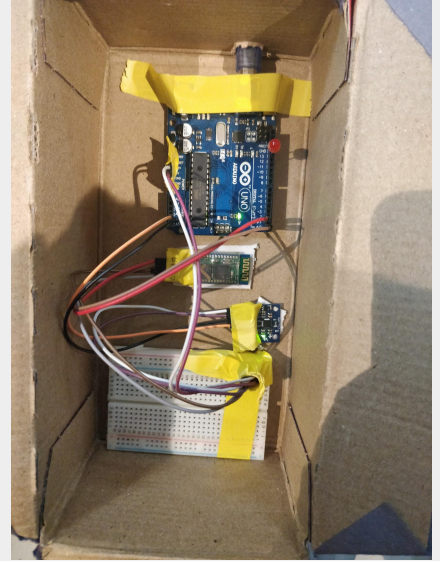

“Automated mapping of adverse road conditions using various sensors and algorithms”

Proposed Solution

Architecture(proto)

Architecture (V1)

Mapper Mode

Connect to the device

Enter Destination

Start mapping ARCs

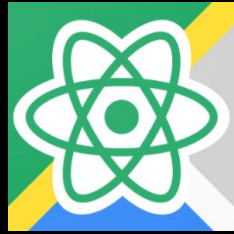

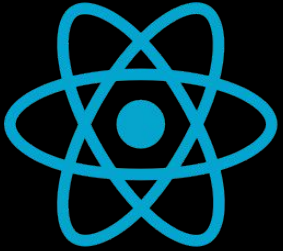

Navigation Mode

Enter Destination

Start Navigation

Get ARCs on Map

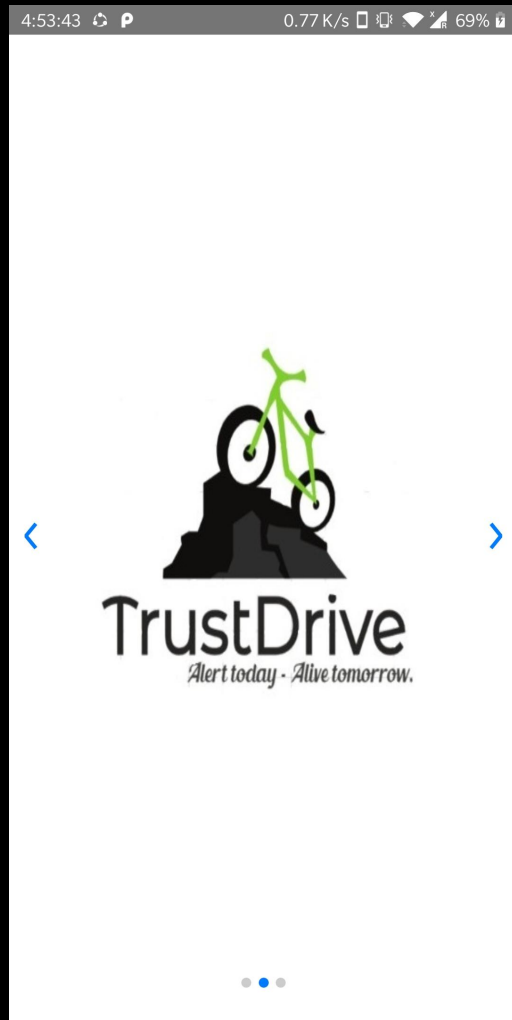

Technology Stack

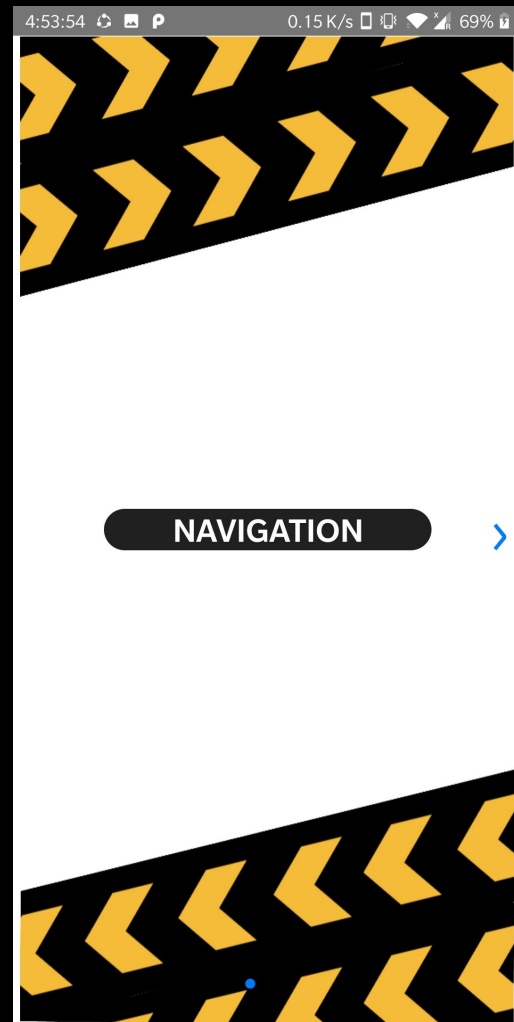

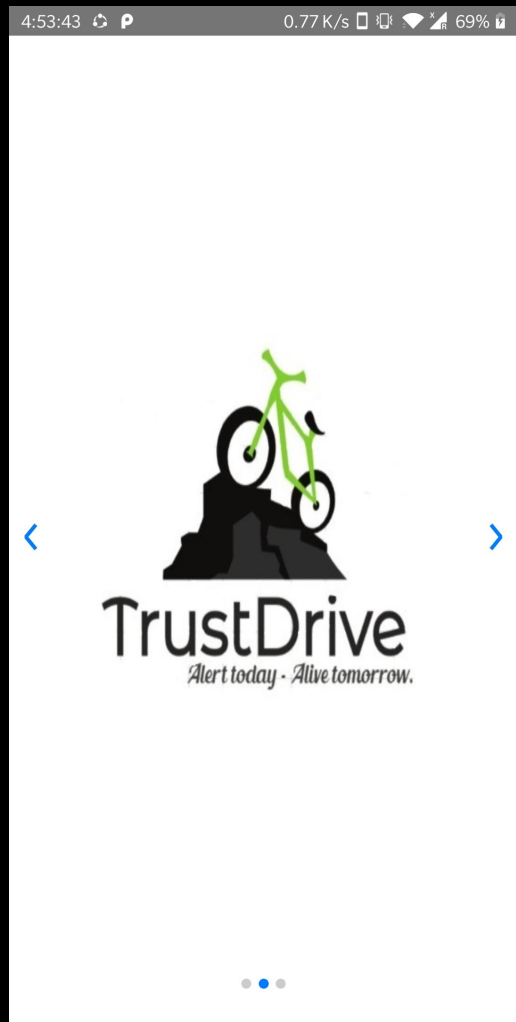

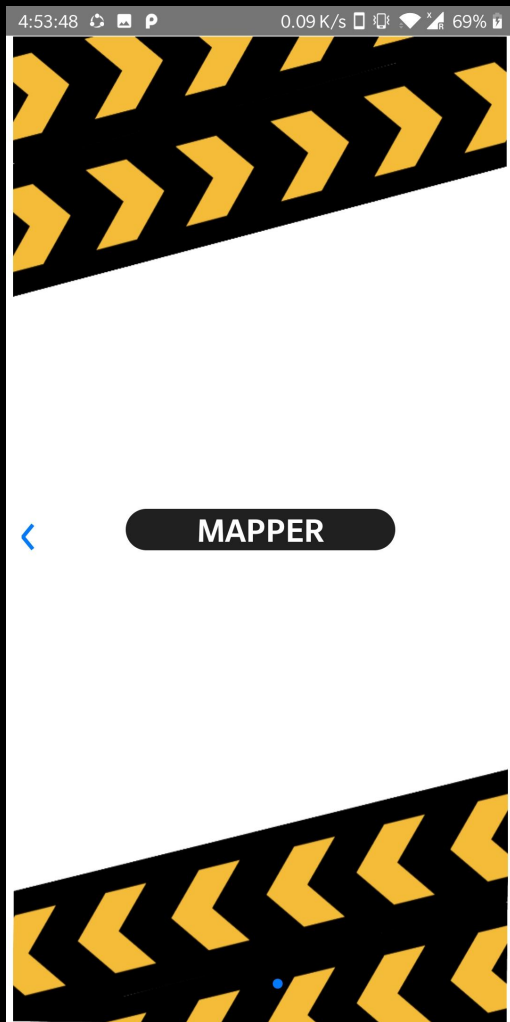

How are we different

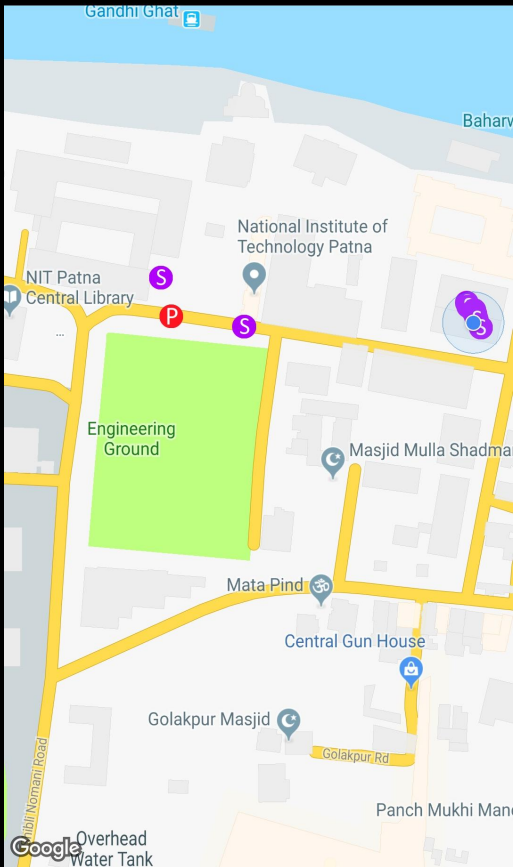

- Cost Effective Approach
- Real Time Mapping
- Ease of Use
- Tested in real time environment.

Voilà !
